I was feeling so sad and alone  
But I found a friend in the song that I'm singing  
I was feeling like a nothing inside  
Then I found it all in the song

And yeah, yeah, yeah  
It's coming straight from my heart  
And yeah, yeah, yeah  
I gotta' let it go

Yeah, yeah, yeah

Man, I felt like I was going nowhere  
Then I found my way in the song I was singing  
Man, I felt like I could lay down and die  
Then I found my life in the song

And yeah, yeah, yeah  
It's coming straight from my heart  
And yeah, yeah, yeah  
I gotta' let it go

Yeah, yeah, yeah
