Why I should cry for u,
I don't understand,
Or I still care u,
Or I still love u.

When I look at u,
I feel like still love u,
But the truth is, I hate u...

I should happy,
Or I should cry for u,
I wont say sorry to u,
Coz u always hurt me,
And all I need is your sincere apologies...

U, still don't know that I hate u,
But u, still remember that I love u,
It was pass,
It was the old me,
But now,
I was change,
And I hate u the most(the most)
I'll be OK without u(whitout u)

Repeat
Repeat
I hate u,
I hate u the most(the most)x2
