There's love in ya future
Love in ya psycho future
There's kick in ya future
Kick in ya psycho future
Cool memories - can ya give it to me
Cool movies - just show me
Can ya send it out - the information
Can ya send it out - the entertainment
Send it out
There's fear in ya future
No fear in ya psycho future
There's kick in ya future
Kick in ya psycho future
Cool memories - can ya talk it to me
Set the tone - just show me
Can ya send it out - the information
Can ya send it out - the entertainment
Cause I've been waiting a long time
In the here+now
In the psycho now I wanna get out
In your psycho future
Can you send it out
Information as entertainment
