I'd get up and out of my bed x4
Instead of being subdued!

I Dressed up and put on my make up
My best face just for you
It's sad to hear that you're still shocked up
Now you know what I can do

Don't waste your time
You know my passion is so yours and mine
Just read the signs
Your passion belongs to me, myself and I

You always were a dye in the wool
I always thought you were so cool
Never realised that you'd been shared
I think you're off your head

Wake me up before I drop out on you
You treat me rough to show that you care and I just
can't refuse baby
If I had a promise from you
I'd get up and out of my bed instead i've been subdued

Wake me up before I drop out on you
The TV life is working alright, it feels so good to lose
baby
If I had a promise from you
I'd get up and out of my head instead I'm so confused

Let's sift through the haze, of the past seven days
Moet in mud, and a bottle of bud and Monday looks
divine
Let's trip through the maze, away from everybody's
gaze
Your vice like grip on my sherbet dip, I guess I'll get in
line

Was it just the margaritas, or are you looking at me?
Without a fuss, you're getting us, ever so slightly,
messed up

Was it just the margaritas or are you talking to me?
Feels like I'm back at school, makes me want to break
the rules

Wake me up before I drop out on you
You treat me rough to show that you care and I just
can't refuse baby
If I had a promise from you
I'd get up and out of my bed instead i've been subdued

Wake me up before I drop out on you

baby
