Teardrops, rain coming, light shine, song humming
I never thought you could make me feel

Sunlight, stars shining, strobe lights, worlds twining
And all this time I knew
That I won't ever break through

Chorus
And through it all
It's only you, the only one
Who ever helped me get through
And when I see your lonely face sometimes
I, I don't know, I feel untwined

Now I realise
The wake up call you gave me
It's changed my life
And my heart and soul baby
And when I, when I think about your loving baby
It was only you who ever stood by me

Chorus
When I fall you're there to catch me
No heartbreak when you're concerned
And now you've made, made me see how life can be
(yeah)

Chorus
