When you look at me tell me what you see  
Do you see no love at all?  
Or do you see in me what you always see  
In every girl that you fall for  
I will show you how love is meant to be  
Just watch and learn and listen to me

Chorus

Will you ever see the day?  
Heartache leads astray  
Good love will always come from me  
Will you ever learn to love?  
Without a little doubt?  
Good love will always come from me

When you look away is it mean to say  
That she haunts you night and day  
And does it hurt your heart  
When I say let's start  
To heal the part that's been torn

Don't you see that I  
I'm really worth a try  
And I say to you  
I know just what to do

Chorus

Will you ever see the day?  
Heartache leads astray  
Good love will always come from me  
Will you ever learn to love?  
Without a little doubt?  
Good love will always come from me

Don't you see that I  
I'm really worth a try  
And I say to you  
I know just what to do

Chorus

Will you ever see the day?

Heartache leads astray  
Good love will always come from me  
Will you ever learn to love?  
Without a little doubt?  
Good love will always come from me

Chorus  
Will you ever see the day?  
Heartache leads astray  
Good love will always come from me  
Will you ever learn to love?  
Without a little doubt?
