we started out together, never knew what layed ahead  
we knew it wasnt easy, not even knowing where life  
head  
we always knew the time would make us stronger  
no matter how hard it would be, i never saw you without  
me

tried to call upon the memories of you to get me  
through,  
you find the strength to hide the pain inside, let me  
start a new

(chorus)  
and i, need you to know wherever you will go  
my love, still be missing you girl to the end of the world  
and i, need you to see wherever you may be  
and long after your gone  
i'll still be loving you

oohh oohhh

no one said it would be easy, no one told me what to  
say  
even now i try to search my heart to find the  
words to make you stay  
the love we share, im missing every day  
but as long as i think of you (babe)  
i know you wont be far away

tried to call upon the memories of you to get me  
through,  
you find the strength to hide the pain inside, let me  
start a new

(chorus)

oh girl you know i'll love you 'till the end of time  
now i must be strong  
this time im moving on

and i, need you to know wherever you will go

my love,still be missing you girl to the end of the world  
and i,need you to see wherever you may be  
and long after your gone  
i'll still be loving you

ill see you,ill still be loving you  
yeh...yeh.. yeh  
ill still be loving you, baby  
ooh ooh yeh  
i..... still be loving you  
ill still be,i'll still be loving you
