I wait underneath the covers  
All night beside you  
And who could ever question any crying I do

My heavy heart is beating out a rhythm  
All night inside me  
And I fall a little harder every time that I do

Watch me living it up, you totally  
Got me stuck in a rut, you're made for me  
How am I gonna step up and say to you  
I get the feeling boy, I want you, want you

(Now)  
Conversation is tough because you're totally  
Walking around all the stuff you wanna say to me  
Words are never enough  
Oh, baby, baby, you turn my dust to gold

I can't speak French  
So I'll let the funky music do the talking talking  
Now oh  
I can't speak French  
So I'll let the funky music do the talking

Oh, oh, oh  
I can't speak French  
So I'll let the funky music do the talking talking  
Now oh  
I can't speak French  
So I'll let the funky music do the talking

I gotta let you know  
I wanna give in to my temptation  
And let my feelings show  
I gotta let you know oh, oh, oh

I gotta let you know  
I wanna give in to my temptation  
And let my feelings show  
I gotta let you know oh, oh, oh

I can't speak French  
So I'll let the funky music do the talking talking  
Now oh  
I can't speak French so I'll let the funky  
Music do the talking

Oh, oh, oh  
I can't speak French  
So I'll let the funky music do the talking talking  
Now oh  
I can't speak French  
So I'll let the funky music do the talking
