(Ba ba baaa) x4

It's been a long hot summer  
And it's 95 degrees in the shade  
(Ba ba baaa)  
It's only Sunday morning  
And I need that Friday feeling again  
(Ba ba baaa)  
You put me in a fever 50 stories high  
And suddenly I'm freezing, and I don't know why  
It's been a long hot summer  
And I'm shaking like a cool lemonade x2

If you wanna get fresh, get outta my car  
'Cos the boys are like you, are going too fast  
I'm taking my time now  
If you wanna fly high, keep outta the sun  
When your fingers start to run it's no fun  
So why don't you climb down?  
If you wanna get fresh, take a cold shower  
Put your back on ice before you turn sour  
Nobody can fool me  
Got a pain in my head, and dust in my eyes  
Every time I feel the temperature rise  
I need you to cool me

It's been a long hot summer  
And it's 95 degrees in the shade  
(Ba ba baaa)  
It's only Sunday morning  
And I need that Friday feeling again  
(Ba ba baaa)  
You put me in a fever 50 stories high  
And suddenly I'm freezing, and I don't know why  
It's been a long hot summer  
And I'm shaking like a cool lemonade

I know you like to wear my dressing gown when I'm not  
there  
I guess you like it in my shoes  
Just cause you drive a Maserati, and the ladies stare  
Don't mean you'll go as fast as I do

I know it's summer in the city  
And the sun is high  
But you could play it cool again  
'Cos, boy, I've seen you disco  
Dancing with your pants on fire  
We need a little tropical rain (With Kim)

So baby, baby  
Watch the needle when you're headed south (Oooo)  
You drive me crazy  
Just remember you could burn me out  
Slow it down

It's been a long hot summer  
And it's 95 degrees in the shade  
(Ba ba baaa)  
It's only Sunday morning  
And I need that Friday feeling again  
(Ba ba baaa)  
You put me in a fever 50 stories high  
And suddenly I'm freezing, and I don't know why  
It's been a long hot summer  
And I'm shaking like a cool lemonade

I'm partied out of house and home  
So baby if you fight me, how you gonna like me?  
Running down that Old Kent Road  
So think before you bite me, how you gonna get back  
home?  
It's been a long hot summer  
And it's 95 degrees in the shade  
(Ba ba baaa)  
It's only Sunday morning  
And I need that Friday feeling again  
(Ba ba baaa)  
You put me in a fever 50 stories high  
And suddenly I'm freezing, and I don't know why  
It's been a long hot summer  
And I'm shaking like a cool lemonade

('Cos I-I, I might be)  
(So why-y, do you fight me?)  
x10)

A little late  
To take it slow  
But I couldn't wait  
To party

Like a cannonball

Got what I wanted  
Now I've seen it all  
So find me

I've ricocheted  
(Ba ba ba)  
Around the world  
Drinking pink champagne  
it's easy

Turn the heat too high  
(Ba ba baa)  
It's what I wanted  
But I just can't lie  
Now I'm queasy

Ba ba baaa  
x8
