Daddy told me look into the future  
Sit at your computer, be a good girl  
And Mama said remember your a lady,  
Think before your play and straighten your curls,

Well everybodys talking like i'm crazy  
Danger is a lazy girl with no soul  
But i've seen it all from where i'm hiding  
Baby cause i'm sliding, out of control

### BRIDGE

Here I go, on the road crank the stereo  
I flick my finger to the world below  
Here I am, dirty hands, i don't give a damn  
Shut your mouth and lets give a show

### CHORUS

I don't need no good advice  
I'm already wasted  
I don't need some other life  
Cold and complicated  
I don't need no Sunday trips  
To add sympathising  
I don't need no special fix  
To anaesthetise me

Daddy always told me to remember,  
Leave the boys, till later, don't you drop down  
Mama said I'd never get to heaven  
Hang out till eleven, with the wrong crowd

Everybody's talking like I'm only  
Just another phony girl who can't play  
But i dig the music that i'm making  
Baby, and i'll break it into your brain
