Remember when you watched me sleeping

Ooh

And I'd pretend I didn't know

I gave you everything worth giving

Please don't forget me

Or worse regret me

No

Pretending I'm OK

No regrets today

But your green eyes own me

And I just feel lonely

Ooh

Deep in thought of you

Not you're fault

It's nothing that you've put me through

Didn't think that I'd need you

Ooh

I said a prayer for you

Felt I needed to

I was wrong, baby

I wish I'd held your hand

Tried to understand

So here's a sorry from me

Long lost hesitations

Falling from my mind

Should have stayed a moment more

And given us some time

Long lost conversations

Time & time again

Everything we work for

Washed away in heavy rain

Remember when you used to call my phone

Checking I was safe and I got home

Sweetest dreams and then I love you

Ooh

When I didn't even ask you to

Now you won't even return my calls

No memory of me at all

I wonder do you still remember  
The 2 years we were together

I said a prayer for you  
Felt I needed to  
I was wrong baby  
I wish I'd held your hand  
Tried to understand  
Now you're gone baby  
When I'm dreaming I see  
All the dreams that could be here again, yeah

I said a prayer for you  
Coz I needed to  
So here's a sorry from me  
I want to believe  
This ain't for real  
And you still love me  
But I'm wasting my time  
It's not me on your mind  
Here's a sorry from me
