Candy-coloured dresses with your eyeliner wings
Shiny, sparkly necklace with your solid gold ring
Rush into the toilets, gotta fix your hair again

You better watch where you're stepping
When you come back in
You've made yourself so misleading
But that's OK if you can get their hearts b-b-b-beating

[Chorus]
Don't roll your eyes
Don't be so surprised -
Attention your receiving
I know your charms
Don't be so alarmed -
Your style is so misleading

I know your faking it
