[Nadine:] It's all about the hairline and it's all about the game

Don't ask me to say my name

Don't ask me to share my fame

it's all about the flashlights, it's all about the flames

[Cheryl:] You took the bait and now you looking like a fool

Don't ask how we do it so cool

Don't ask us to break the rules

it's all about the bassline, it's all about the clues

[Sarah:] It's all about the hairline and it's all about the game

Don't ask me to say my name

[Nicola:] Don't ask me to share my fame

[Sarah:] It's all about the flashlights, it's all about the flames

[Kimberley:] You took the bait and now you looking like a fool

[Nicola:] Don't ask how we do it so cool

[Kimberley:] Don't ask us to break the rules

it's all about the bassline, it's all about the clues
