Friday night
I'm feeling good
It just feels right
To come home to you
I'd rather stay then watch you go
Cos it's Friday night
And I'm feeling good

Bridge
Nothing much more to say
Cos I know that you'll blow me away
Cos ever since you pulled me through
I just can't stop thinking of you

Chorus
Late nights and coffee breaks
Singing pop rock through the gates
Cos ever since you pulled me through
I'm feeling so unpredictable
And whenever you go away
I don't think it's fair to stay
Because there's nothing else more to say

And when I think about it
Burning sun
Never thought you would go
And now it's late nights and we're having fun
There's no more seeds left to sow

And when you think about me
I'm burning all the way through
And when you dream about me
Don't know who to turn to
Late before you burn through

Chorus

And when the light is on you
And when the stars come down
I'm gonna give you all I have for you
Cos I don't want to just sit and frown

Bridge
Chorus

Late nights and coffee breaks
Late nights and coffee breaks
No more time left turn the brakes
Cos it's late nights and coffeee breaks
