[Sarah]

I do what i want and i'll do what i like  
When i make a million i be out of sight

[Cheryl]

I'll do what i want and i'll do what i please  
i'll laugh in your face when you beg on your knees

[sarah]

Ooooh, ooooh yeah  
There's got to be a better way  
Ooooh, and I don't care  
I know that when I

[Cheryl and Nadine]

Live in the country  
If I live in the country  
Live in the country  
I'll find another way  
Live in the country  
To get rich, live in the country  
Live in the country  
I know I'll be OK  
Live in the country  
If I live in the country  
Live in the country  
I'll find another way  
Live in the country  
To get rich, live in the country  
Live in the country  
I know I'll be OK

[cheryl]

Every day is a drag  
Getting caught in the rat race  
You don't wanna be on the street  
[sarah]And every night when I crash  
You can see it in my face  
I look like I'm dead on my feet

[nadine]

So I'm folding my cash  
Gonna live in the country

Cause that's what I plan to do  
Cause the air's never bad  
When you live in the country  
The sky is always blue

[sarah]  
Ooooh, ooooh yeah  
There's got to be a better way  
Ooooh, and I don't care  
I know that when I

[Nadine and cheryl]  
Live in the country  
If I live in the country

Live in the country  
I'll find another way  
Live in the country  
To get rich, live in the country  
Live in the country  
I know I'll be OK  
Live in the country  
If I live in the country  
Live in the country  
I'll find another way  
Live in the country  
To get rich, live in the country  
Live in the country  
I know I'll be OK

Live in the country  
Live in the country  
Live in the country  
Live in the country  
Live in the country  
Live in the country  
Live in the country  
Live in the country

[kimberly]  
I want the ducks, and a lake, and a family portrait  
A pipe and a dog at my feet  
I want a stall at the fete selling strawberry shortcake  
And walls that are very discrete  
[nicola]  
And when my dull city friends are slum it back in their  
bedsits  
I'll live like a King every day  
I'll be out of my head but they'll say I'm excentric  
And look the other way

Live in the country  
If I live in the country  
Live in the country  
I'll find another way  
Live in the country  
To get rich, live in the country  
Live in the country  
I know I'll be OK  
Live in the country  
If I live in the country  
Live in the country  
I'll find another way  
Live in the country  
To get rich, live in the country  
Live in the country  
I know I'll be OK
