At my place and I was on the phone
but it's you that I'll always call my home
In a world where the sun don't always shine
I can see tropicana in you eyes

When your gone my loneliness is real
Got your love to remind me how that feel
In my head i can see a long goodbye
You kiss my lips as i try to fix your tie

And I
I'm watching day time tv
Just wishing you were with me
I'm counting hours and days
Gotta stop believing what the movies say

Dark streets only suffocate me
Now you're off to Singapore
Heart aches, god, it nearly breaks me
Ciao, I'm waiting for your call

Dark streets only suffocate me
Now you're off to Singapore
Heart aches, god, it nearly breaks me
Ciao, I'm waiting for your call

Please means more
I'll see you knocking at the door
Got it right in my place
Coz dreams means five

and I'll be rocking on the floor
Can't you see it in my face?

Please means more
I'll see you knocking at the door
Got it right in my place
Coz dreams means five
and I'll be rocking on the floor
Can't you see it in my face?

And some nights,

When we're sat on the phone
and kind of broken
Never ever thought
I'd let you go again
Thats the way I feel
Your all the love I need

Dark streets only suffocate me
Now you're off to Singapore
Heart aches, god, it nearly breaks me
Ciao, I'm waiting for your call

Dark streets only suffocate me
Now you're off to Singapore
Heart aches, god, it nearly breaks me
Ciao, I'm waiting for your call
