Make us worthy, make us proud
Teach us not to be too loud
We'll try and fit in with the crowd
But we are St, Trinians

We can't fake the way we feel
We were born to keep it real
Hockey sticks and balls of steel
We are St. Trinians

You bite us, we'll bite you back
Better be scared when we attack
Feel the fear we're maniacs
St. Trinians

Check out our battle cry
A song to terrify
No one can stand in our way

We are the best, so screw the rest
We do as we damn well please
Until the end, St. Trinians
Defenders of anarchy

So scam all the toffs, the neats and the freaks
Blackmail the goths, the slappers and the geeks
And if they complain we'll do it all again
We do as we damn well please

ASBOs, the chavs, the emos and their mates
To torment the slags we offer special rates
And if they complain we'll do it all again
Defenders of anarchy

We are the best, so screw the rest
We do as we damn well please
Until the end, St. Trinians
Defenders of anarchy
St. Trinians

So scam all the toffs, the neats and the freaks
Blackmail the goths, the slappers and the geeks

And if they complain we'll do it all again
We do as we damn well please

ASBOs, the chavs, the emos and their mates
To torment the slags we offer special rates
And if they complain we'll do it all again
Defenders of anacrchy

Check out our battle cry
A song to terrify
No one can stand in our way

We are the best, so screw the rest
We do as we damn well please
Until the end, St. Trinians
Defenders of anarchy

Victorious, rebellious
We do as we damn well please
Until the end, St. Trinians
Defenders of anarchy

St. Trinians
Don't let the bastards get you down
