I've been waiting for so long you don't even know how long I have been for this day, hey
I've been thinking about all the reasons I have to get even and to cause you pain, oh
And I bet they all would say the goal is justified
But all I'm gonna do is turn walk away tonight, tonight
night night

Though I don't want to, and I don't need to
Been taking the fight unlady like I'm not gonna stop
Oh I don't want to, and I don't need to
But no matter how hard it gets my mama always says
to keep your head up
Your head up, Your head up, Your head up up up
No matter what
Your head up, Your head up, Your head up up up up up

I've been looking for fantasies even romanticies of
what to do when the time was right right
You would beg me mercy, tell me you weren't worthy
And boy I'd even made you cry, waoh oh
It would be so easy now, to make you so bad, so bad
But all I'm gonna do is bite my lip and leave it at that, at
that that that

Though I don't want to, and I don't need to
Been taking the unlady like I'm not gonna stop
Oh I don't want to, and I don't need to
But no matter how hard it gets my mama always says
to keep your head up
Your head up, Your head up, Your head up up up
No matter what
Your head up, Your head up, Your head up up up up up

Ooh
I really don't have the time
Cause your really no friend of mine
I really should make you pay

Through I don't want, and I don't need to
Been taking the fight unlady like I'm not gonna stop
Oh I don't want to, and I don't need to

But no matter how hard it gets my mama always says
to keep your head up
Your head up, Your head up, Your head up up up
No matter what
Your head up, Your head up, Your head up up up up up
