english translation

when people say that you get prettier when you're in
love-
i guess that's really true
i'm always smiling for no reason and without knowing, i
resemble you
it's definitely weird

soft but sometimes thick and clear and slightly bright
i love you my j, my my j my j, i love you
with me-

* when i am together with you i am so happy
can you see? my heart is together 365 every day
when i see you, i don't know what to do
i'm so obvious that i just start laughing
what do you? i can't live without you my lovely j

even as i'm walking, even when i'm laying down
i unexpectedly burst out laughing and roll around for a
while
you, whom i hoped for such a long time, is finally by my
side
i can't believe it

elegantly, but sometimes lightly " brightly but a little
softly
will you appear to me my j, my my j my j, i love you
with me -

* repeat

what should we do now? i pinch myself in case it's a
dream

but in front of me, you are really there, it's really you
i love you so much my j

* repeat
