english translation

ladies and gentlemen "all of you who are watching  
me with hushed breaths  
the curtains filled with anticipation go up  
and without knowing why, you don't know what to do

in the midst of amazement, the secretive trick  
the mind boggling, puzzling trick

(heart queen) even if i try to (thoroughly) hide it  
(already) you are in my hands " close your amazed  
mouth

\* with you eyes you say, me me me me  
my heart responds, you you you you  
the vaguely memorized spells are melting your tired  
heart (secretly)

(here) only you (for me) are the invited one  
(two eyes) open them wide and look around  
(one, two) when 'three' passes  
(everything) where did it go?  
(now) you only focus on me, shht!

don't misunderstand, the magician is me  
i have that charisma that takes up the stage  
don't be afraid and trust me  
put away all the worries of dangers

(spade king) without you knowing (more and more) you  
fall into it  
(over there) you are tied on top of the target  
(ablaze) the fire is burning (boom boom) your insides  
are burning  
let's lay you on top of my target

\* repeat

(here) only you (for me) are the invited one  
(two eyes) open them wide and look around  
(one, two) when 'three' passes  
(everything) where did it go?  
(now) you're only on me

in the midst of amazement, the secretive trick  
the mind boggling, puzzling trick

\* repeat

(here) only you (for me) are the invited one  
(two eyes) open them wide and look around  
(one, two) when 'three' passes  
(everything) where did it go?  
(now) you only focus on me,

(heart queen) even if i try to (thoroughly) hide it  
(already) you are in my hands (already in me)  
(spade king) without you knowing (more and more) you  
fall into it

(over there) one more time on the target, shht!
