Head over heels, I've fallen again
What I know now, wish I knew then
But now that its over, this life begins
You got to suffer for all of your sins

I swear baby, I'm head over heels
And I should know just how it feels
I could never just be your friend
Head over heels in love again

Why can't it ever turn out right
Why do we always have to end up fighting
Why can't it ever be the perfect love
Why can't nobody ever give it enough

I swear baby, I'm head over heels
And I should know just how it feels
I could never just be your friend
Head over heels in love again

Head over heels
Don't push me too much
'Cos only the best is good enough
