Could this time, be the last time  
No more backward glances it's the end of the line  
Next time, would we be so blind  
No more second chances, we're running out of time

Gimme, gimme, gimme more  
What's it all about, what's it all about

Chorus:  
Hold on tight hold on tight  
Hold on tight don't let it drag you down  
This life, what's it all about  
One thing leads to another we need to work it out  
It's mine to live it how I like  
Goodbye to old romances it's the end of the line

Gimme, gimme, gimme more  
What's it all about, what's it all about

Chorus:  
Hold on tight hold on tight  
Hold on tight don't let it drag you down
