I was feeling restless on a Saturday night
Wondering what to do
So I took a walk under blood red skies
When a voice said I'm hungry for you
I wanna make a withdrawal at your blood bank baby
Won't you be my blood doner it will drive you crazy
All I wanna do is get my teeth into you tonight

He said
Love at first bite
I'm a sucker for you

My blood ran cold
I was hypnotised
One look set my heart on fire
I never had a night like this before
A victim of a strange desire
I wanna make a withdrawel at your blood bank baby
Won't you be my blood doner it will drive you crazy
All I wanna do is get my teeth into you tonight

Love at first bite
I'm a sucker for you

I was out with the Count, we were out for blood
Won't you take me to the vampires feast
Just get me a drink
Don't be a pain in the neck
And make it a Bloody Mary please!
