You, you shine like gold to me  
I feel like I'm on a voyage of discovery  
I'm, I'm dancing on wires I'm flying high  
Couldn't get any higher

Chorus:

I'm not looking for excuses  
I'm looking to believe in you  
Some common ground  
To make you stay around  
Come on let's play around

I, I get so excited I'm totally blinded

By the light in front of me  
How do you do what you do to me  
I feel like I'm in the middle of a fantasy

Chorus:

I'm not looking for excuses  
I'm looking to believe in you  
Some common ground  
To make you stay around  
Come on let's play around
