Chorus:

Are we walking into the enemy's camp, laying our
weapons down,
Shedding our armor as we go, leaving it on the
ground?
We've gotta be strong in the power of his might and
prove to the enemy
We are the army of the Lord and we've won the victory.
All around us a war's going on between the wrong and
the right.
We've gotta choose which side we're on-the darkness
or the light.
Some of the soldiers of the Lord just don't realize
That the captain of the army of darkness has come to
blind their eyes.

Repeat Chorus

Can't you see that we're in a battle and there's no place
to hide?
The shields of faith are full of darts and their shooting
from every side.
Just shake out the darts and run right at em' and
remember who you're
Fighting for.
Don't fall asleep cuz' if they catch ya' they'll take you
prisoner of war.
Repeat Chorus (x2)
We are the army of the Lord and we've won the victory!
