God made Him who had no sin  
So that we might become His Righteousness  
Instead of ourselves He offered Him  
So that we might become His Righteousness  
So that we might become His Righteousness  
So that we might become His Righteousness  
Holy God was offered for us  
So that we might become His Righteousness  
So that we might become His Righteousness

It's hard to believe we can be spiritually well  
So that we might become His Righteousness  
The loving God tasted the essence of hell  
So that we might become His Righteousness  
So that we might become His Righteousness  
So that we might become His Righteousness  
Holy God was offered for us  
So that we might become His Righteousness

God in the flesh lived as a man  
Will of the Father, fulfilling His plan  
Jesus condemned, taking our place  
Now we are in Him and we'll see His face

Repeat first verse

Holy God was offered for us  
So that we might become His Righteousness (Become  
His Righteousness)  
So that we might become His Righteousness (Become  
His Righteousness)

We might become His Righteousness (Become His  
Righteousness) (repeat and  
Fade)
