Chorus:

Stand on the rock
Movin' a mountain
With faith even small as a seed
And there on the rock
His love like a fountain
Giving me all that I ever will need

Pain - I have experienced pain
Too many hurts in my life
Were bringing terrible strife
I have experienced pain
But Jesus is my refuge
And I know He's paid His dues
So now I have a savior who has
Walked within my shoes (he has walked within my shoes)

Repeat Chorus

Love - Have you experienced love?
Too many people will hate
Reaping a terrible fate
They won't experience love
But Jesus is my anchor
He's defining what is love
I'm happy that He's teaching me and
Taking me above

Repeat Chorus

When you step out on the sinking sand
Putting your faith in mortal man
Life has no direction, life will see no gain
Lacking love and helpless on your
Own you will remain

But when you trust in Jesus Christ
Who is the Author of true life
He's the door to go through, all you do is knock
He'll be there to guide you when
You're standing on the rock

Repeat Chorus (x2)
