Everytime somebody says to me
It's a secret
Well, I have to laugh

That is something
I just can't keep
It's a secret

Oh, I've tried it once or twice
But it didn't work too well
So you'd better think it over
Cause I'm gonna tell

[CHORUS]
La la la la la la, oh
I'll kiss and tell
And everybody's gonna know
La la la la la la, oh
I'll kiss and tell
I've gotta let my feelings show

Don't you tell me
It's gotta be a secret thing
It's no secret
Well, I've heard that before

And there's always someone
Waiting in the wings
It's no secret

So if there's
Somebody else on your mind
Then it's not gonna work too well
You would only be wasting your time
Cause I'm gonna tell

[Repeat CHORUS]

Well, I'm not gonna get down to it
Until you make your mind up
So make your mind up, mind up
Mind up, call me up

Cause I want to kiss and tell

So if there's
Somebody else on your mind
Then it's not gonna work too well
You would only be wasting your time
Cause I'm gonna tell

[Repeat CHORUS]

Well, I'm not gonna get down to it
