Do You remember  
That when You left You told me life would never be the  
same  
Well I was worried  
I looked around so I could see if anything had changed  
I walked around a bit  
And then I noticed that it, it felt different to me,  
everything  
It made me wonder  
'Cause everything was still arranged the way it used to  
be

The only trouble is  
Everything may be the same as it was  
But I will never be the same as I was  
Everything may be the same as it was  
But I will never be the same

Do You remember  
As You were leaving that You smiled as You walked out  
the door  
Well I remember  
'Cause I was thinking it would never be the way it was  
before yeah  
I've been around a bit  
And I'll get over it but everything that I see, everything  
It makes me wonder  
If it ever was the way it used to be

The only trouble is  
Everything may be the same as it was  
But I will never be the same as I was  
Everything may be the same as it was  
But I will never be the same as I was

Everything may be  
Everything may be the same as it was  
I will never be  
I will never be the same as I was

I had to laugh at myself as I was

Looking for someone else  
Somebody to explain  
How to get back again to it

I've been around a bit  
And I'll get over it but everything that I see, everything  
It makes me wonder  
If it ever was the way it used to be

The only trouble is  
Everything may be the same as it was  
But I will never be the same as I was  
Everything may be the same as it was  
But I will never be the same as I was

Everything may be  
Everything may be the same as it was  
I will never be  
I will never be the same as I was

Everything may be  
Everything may be the same as it was  
I will never be  
I will never be the same as I was
