The black market white baby dealer
Is hunting around overseas
The black market white baby dealer
Brings back clean fresh white babies to me
Clean fresh white babies to me

The black market white baby dealer
Is rooting around overseas
The black market white baby dealer
Kidnaps clean fresh white babies for me
Clean fresh white babies for me

My smile is dime a dozen
My lips are cherry red
My eyes are blue like the sky is blue
I've got good shoulders under my head

I look like your mother
I look like your great aunt
So sit me down in the family photo
And everyone tells me I look a lot just like you

The black market white baby dealer
Is hunting around overseas
The black market white baby dealer
Brings back clean fresh white babies to me

He brings back oh my god he brings back
He brings back clean fresh white expensive babies
He brings back oh Charley he brings back
He brings back clean fresh white expensive babies

I come post production
I don't need natal care
I'm already fully assembled
Down to the very last part it's all there

So take me to your family
So take me to your mom
Buddy take me as your next generation
And I'll take you out of the lost one and into mine

The black market white baby dealer
Is hunting around overseas
Th
Brings back clean fresh white babies to me
Clean fresh white babies to me
Clean fresh white babies to me
