Don't be so rude
I was only trying to make conversation
Hey (?) this is not going anywhere
Got that chalk on her hands (x 3)

I'm just trying to get a handle on this
I'm just trying to be rational (?)
I'm just trying
So sue me for trying

Do I just have problems
Or did you also think that this was hot

I really hate talking to your telephone
Can't we just work it out that you come on over here
Can't we just work it out that you stay here with me

I'm not looking over my shoulder
I'm not gazing up at the stars
I'm not thinking about painting your picture
I'm just wondering where you'll sleep tonight

Do I just have problems
Or did you also think that this was hot

I'm not looking over my shoulder
I'm not gazing up at the stars
I'm not thinking about painting your picture
I'm just wondering where you'll spend the night
