The last time we made love  
You said my name to make me come  
But it was just a speaking offer  
It means nothing without your love  
Means nothing without your love  
Means nothing without your love

I can wake up any day  
See a million things that I could say  
But then you're just an easy target  
It means nothing without your love  
Means nothing without your love  
Means nothing and nothing means nothing

Each time the world turns round  
It doesn't make a fucking sound  
It doesn't mean that we don't feel it  
It means nothing without your love  
Means nothing without your love  
Means nothing and nothing means nothing

So if you want to know if I love you so  
You want to know if I love you so  
You want to know if I love you so  
It's in my kiss that's where it is  
It's in my kiss that's where it is

Do you love me cause I am in the mood  
Do you love me for a fucking groove  
Do you love me cause I can mash potato  
Do you love me cause I'm an alligator

Singing ooh whoa whoa  
Ooh whoa whoa (x 3)

Do you love me cause I can walk on water  
Do you love me cause I'm the president's daughter  
Do you love me cause I am queen of England  
Do you love me just cause I'm sitting here singing

Ooh whoa whoa (x 3)

So if you want to know if I love you so  
You want to know if I love you so  
You want to know if I love you so  
It's in my kiss that's where it is  
It's in my kiss that's where it is

So the next time we make love  
Drop the words just do the stuff  
Speak softly and use that big stick  
It means nothing without your love  
Means nothing without your love  
Means nothing and nothing means nothing to me
