Ok this guy walks into a bar no I'm just I'm just fucking  
with you  
I'm kidding you no there's this young bull and this old  
bull and  
they're standing on top of a hill

And I tried to tell you before  
That that's why I left California

So they're standing on top of this hill, right, and they're  
looking out over a pasture full of cows, whole fucking  
pasture,  
and the young bull turns to the old bull and he goes I  
got this  
really good idea and the old bull is like, yeah?

And I tried to tell you before  
That that's why I left California

Yeah, he's like yeah, yeah I got this really good idea,  
let's  
run down that hill and fuck one of those cows, and the  
old bull

just looks at him you know he's just looking at him he's  
like  
look I got a better idea young bull is like oh yeah what's  
your  
fucking brilliant idea and the old bull goes

And I tried to tell you before  
That that's why I left California

And the old bull goes let's walk down that hill and fuck  
all of  
those cows dig? you know like he ain't been in town  
long or  
something, I don't know

And I tried to tell you before  
That that's why I left Calif
