You wrap your arms around
A feeling that surrounds
Like liquid peppermint
Just taste the drinks that she served

And this feeling shivers down your spine
Love comes in colors I can't deny
All that matters is love, love, your love

You're sleeping in your bed

Just rest your weary head
Maybe you shouldn't care
Throw away those dreams and dare

And I wonder if it matters to me
Love comes in colors I can't deny
All that shimmers is love, love, your love
Your love
Your love
