[D'arcy]

My daydream seems as one inside of you
Though it seems hard to reach through this life
Your blue and hopeless life

My daydream screams bitter 'til the end
The love I share -true- selfish to the heart
My heart, my sacred heart

My daydream dream

My daydream
My daydream dream
My daydream

[pause]

[Billy]

I'm going crazy
I'm going crazy
I don't want feelings
Your feelings

I have gone crazy
Motherfuckin' crazy
I have gone
