Imagine 2 black hobos in white suits and bow ties  
Sitting on the pavement outside a starbucks  
Sippin on double decafe latts with low fat milk  
And shooting up onheroin  
Yo pull out your teeth, have a hamburger,  
Go down, slow down  
Put on your night gown  
Booze is no good on the funky side of this town  
So you're back on crack, steroids and smack  
Should i beat you up or cut you some slack?  
Do you sleep in the streets or easy and cheap?  
Shallow not deep? 3 feet tall and pretty weak?  
I slip into my suit and my cowboy hat and boots  
Play hard core heavy metal and think about you  
I had a horrible date with gareth gates  
Who was wearing tank top and shades  
Running around in roller blades  
Lasted for days we had nothing to say until  
Suddenly he looks at me and says 'im gay!'  
I was like, 'what the fuck? what d'you want me to say,  
Hooray? you want a fucking parade?  
No fucking way man  
Some think you are (go get em tiger!)  
Some think you are (go get em tiger!)  
Some think you are, but i know you're so much more.  
(go get em tiger!)  
Met the girl of my dreams  
It suddenly seems as if my jeans are too tight to be  
seen  
On tv, atleast cos family shows are not allowed to go  
down  
And show a girl with a thong on, ah well, you know  
She stared at me and smiled sweet and said,  
'i've seen you on tv' and i said 'are you sure? my place  
or yours?  
Bed or the floor? hardcore? with or without the lights?  
Take of your tights' and after a long hard night i said,  
'that was incredible!', she said, 'ah, it was alright,  
I've had better'  
Some think you are (go get em tiger!)  
Some think you are (go get em tiger!)

Some think you are, but i know you're so much more.  
(go get em tiger!)  
Some think you are (go get em tiger!)  
Some think you are (go get em tiger!)  
Some think you are, but i know you're so much more.  
(go get em tiger!)  
Go get em tiger! (x3)  
You're just a bunch of old teeth you corporate pants,  
you (x4)  
Some think you are (go get em tiger!)  
Some think you are (go get em tiger!)  
Some think you are, but i know you're so much more  
(go get em tiger!)  
Some think you are (go get em tiger)  
Some think you are (go get em tiger)  
Some think you are, but i know you're so much more.  
(go get em tiger!)
