

Gish "Snail"

Visit "[Snail](#)" on MotoLyrics.com

All your seven dreams
Look closer than you believe
As your things come undone
See you are the only one

Flower, seize the hour I did
I wait
Waiting, waiting for your wake
I'll wait

When you wake up you're all weak
Throwing your life away
Someday, sorrow coming home
Sorrow, snail
What you wait for

Flower, the pain will wash away, away

When the sunshine climbs through your window
Into your bed

When you wake up you're all weak
Throwing your life away
Someday, sorrow coming home
Sorrow, snail
Down in my heart

Flower save the hours
Flower away

What you wait for
Flower chase the sunshine
Flower chase the sunshine
Flower
