It's easy to say but so hard to do
For some it's four letters
For me it means you
I've played all the games
Don't want to pretend
So baby don't let this come to an end
Chorus:
Only U & I under the sky
Only U & I never say die
All the things I do are better with you
Always U & I 'til forever is through
Let me be weak, 'cause that makes me strong
And give me the power I need to move on
Like one and one can be more than two
Feels like there's nothing that we couldn't do
Chorus:
Only U & I under the sky
Only U & I never say die
All the things I do are better with you
Always U & I 'til forever is through
I think we're old enough to know
What we want and where to go
I think we're wise enough to see
That things are up to you and me
I've played all the games don't want to pretend
So baby don't let this come to an end
Chorus:
Only U & I [only U & I] under the sky
Only U & I [only U & I] never say die
All the things I do are better with you
Always U & I 'til forever is through
Only U & I [only U & I]
Only U & I [only U & I]
All the things I do are better with you
Always U & I 'til forever is through
Only U & I [only U & I]
Yeah, yeah
Only U & I [only U & I]
Yeah, yeah
All the things I do are better with you
Always U & I Always U & I

Always U & I 'til forever is through
