You left something deep inside of me
It's testing my will and my sanity
You are my every thought
My only vision is you
Your always present in all I do
My life is yours I give it to you
Your love won't let me be
I hope that you whole made me so
With you my world is complete
I want for nothing
Ne-ver doub-ted
I am yours forever
My body from end to end
Is aching for you
Your love is the only thing that suits me
I'm giving you my heart and soul
Giving you my body
You could take control
Your love holds all the key
So start the night on fire
I'm giving you my heart and soul
No lie and no games complicating love
'Cause you were meant for me and I was made to love
you
Huwouwouwoho, Huwouwouwoho
Huwouwo 'Cause I was made to love you
There is no fighting back ta back
All crazy love makes the world go back
I don't care what they say I only dream about you
Never let go and I'll be your girl
Give me your love and you'll be my world
I'll take you for your word
You know I do believe you
With you till the end of time
Wherever you are
Ne-ver doub-ted
I am yours forever
Your every where my walk rans
Oh yes I'll do it
Your love is the only thing that fades me
I'm giving you my heart and soul
Giving you my body

You could take control
Your love holds all the key
So start the night on fire
I'm giving you my heart and soul
No lie and no games complicating love
'Cause you were meant for me and I was made to love
you
I'm giving you my heart and soul (giiiving you my heart
n soul)
Giving you my body
You could take control (uwouhuwowuwo, hoowowuwow)
Your love holds all the key
So start the night on fire
I'm giving you my heart and soul (giiiving you my heart
n soul)
No lie and no games complicating love
(uwouhuwowuwo, ho-ou-wow)
'Cause you were meant for me and I was made to love
you
Sometimes my hearts been beating
But somehow
The same it's saved by you
And even though I've suffered
It doesn't really matter
I'll give you my loving, I'll give you my loving
I'm giving you my heart and soul
Giving you my body
You could take control
Your love holds all the key
So start the night on fire
I'm giving you my heart and soul (I'll give you my
loving)
No lie and no games complicating love (all my heart, all
my soul)
'Cause you were meant for me (Cause I was ma-a-ade,
to, lo-ove you) and I was made to love you
I'm giving (loving you! loving you! loving youuuu!) you
my hear and soul
Giving you my body
You can take control
Your love holds all the key
So start the night on fire
I'm giving (I'm giving you my soul)you my heart and
soul
No lie (come baby take control) and no games
complicating love
'Cause you ('cause you were meant for me)were meant
for me
And ('Cause I was made to love you) I was made to love
you
I'm giving you (I'm giving you my soul) my heart and

soul
Giving you my body (come baby take control) you can
take control
Your love (your love holds all the key) holds all the key
So start the night (so start the night on fire) on fire
I'm giving (I'm giving you my soul) you my heart and
soul
No lie (come baby take control)and no games
complicating love
'Cause you (cause you were made for me) were meant
for me
And I was made to ('cause I was meant to love you)
love you
I'm giving you (I'm giving you my soul) my heart and
soul
Giving you my body (come baby take control) you can
take control
Your love (your love holds all the key) holds all the key
So start the night (so start..)
