Flesh of My Flesh, Blood of My Blood

Uhh  
Swiss beats (Uhh uhh)  
Nigga, ryde or die (uhh uhh uhh)  
DMX what what (uhh uhh uhh)

[ Chorus - DMX ]

Ain't no way you're gonna stop my flow  
Ain't no way ya niggaz you just don't know  
But niggaz is about to go oh no oh no  
Ain't no way you're gonna stop my shine  
Ain't no way you niggaz wanna stop mine  
Ya niggaz must be out yo mind, I don't know why

What the fuck is you niggaz pressin me for  
I saw more ass than a ho and you stressin the raw  
If I was testin your jaw, maybe then you would respect  
me  
But you can't respect me cuz you dont even know me  
Nigga check me (come on)  
I'm that motherfucker that'll put you  
to sleep, while you sleepin  
Then die from a hundred feet, you just knew you was  
creepin  
Bad decisions lead to last decisions  
Fast collision, now yo ass is missin (what)  
Take it over there now you bring it back to the streets  
Have you forgotten what it means when a dog shows  
his teeth?  
Let me break it down for you he's about to attack you  
Still standin here faggot? You must want me to smack  
you  
You ain't been there or done that, fuck  
is y'all niggaz tellin me  
I'm the only nigga, walkin the streets with four felonies  
But peep this, I see shit is hard, niggaz is strugglin  
Let me ramble on for little while, go back to hustlin

[ Chorus ]

Give it to niggaz just how they give it to, me

Hit 'em in a rhyme because I'm a M,C  
Been a lot of places most niggaz won't, see

That's why I'm at a level that y'all niggaz won't, be  
Let your man hold somethin now he want, more  
You ain't no fuckin killer what was the front, for  
It was a time when the world was at your front, door  
Now they change places niggaz want, raw  
Niggaz laugh at me and was mad at me  
Cuz the way life was goin had to be a, tragedy  
But after me, it's over, I'ma take the whole verse  
I'm tryin to keep it real that's why I  
let y'all niggaz go first  
But you look to get force right in the mouth  
Didn't appreciate what you got when you got  
it so if I see it, I'ma tot it  
Where to hide it you gotta car better drive it  
The fuck up outta here and hope and pray I  
don't pull up along side it  
COME ON

[ Chorus ]

Niggaz don't know so I gotta flip  
It seem they've forgotten how dark it could get  
Barks like a pit scratch when I hit  
We both know you pussy but you stay talkin shit  
What I'ma have to do dog, run up in yo mess  
Catch you while you comfortable put one up in yo chest  
One up in yo vest of course pay the hollows  
And blown away today you just lost tomorrow  
I'ma go platinum (nah) you gots to be kiddin WHY  
Make it double platinum, no bullshittin  
And I'ma stay flippin flows, rippin shows  
Strippin ho's, gettin dough let me go  
And nigaz know, who the best is  
The dog, DMX is the rest is or might as well be helpless  
I wreck this cuz when I wreck shit  
I might snatch a niggaz necklace  
Then go from like midnight to breakfast  
COME ON
