chorus

tell me what's wrong with me
i am going crazy
i want my baby back
i think about all the times i am losing my mind
cause i need my baby back
no one has the right to judge it was all between us
i just wanna make it last
cause i don't wanna fight let's make it right
baby i want you back

baby i am so confused
how could you play by the book
and now i am here by myself
...
got a feeling like i want to pick up the phone and call
you
praying that you'll answer so i can say i love you
is so hard for me to let go hurts so much and you know
still want to make you laugh and i still want you by my
side
i want you baby i love you

chorus

it's killing me to know
how you're telling me you don't love me
how you ...
but he will never love you the way ...
i don't know what i am gonna do now
need to get to you some how
feels like it's too late from the time ...
.. cause i didn't know how ...
.. still want you by my side
i wanna trust you cause baby i love you

chorus

baby please come back to me
i can't eat and i can't sleep
i am losing on my sanity

baby please come back to me
