The-the-the the masquerade!

So I'm ready to free fall
'cause I'm feeling like you're willing to catch me
Baby this could be bigger than we know

Knock-knock! Open up, let me in
Talking 'bout
More than just the sex
'Cause we gonna spend
Much more than tonight
And we can spend
The love 'cause there's nothing left
I know you feel it
'Cause it's written all in your eyes
Should be leaving with me-me-me
Spend the evening with me-me-me
'Cause I'm feeling like you just need a brief
Baby girl you should be leaving with me-me-me

So come on, let's go!
I'm talking 'bout love in the elevator
You know you don't wanna stop
Time and time again
I tuck it up until you reach the top
Candles on the dresser making shadows on the wall
Reflecting while we sexing, let me break you off
I'd be all over your body knocking shit all over the floor
You'd be all over my body doing the best moves you
know
You-you got my mind girl, look how much time's gone
My favorite album, we've been going at it for nine
songs

It's my body all over your body babe
Your body all over my body babe (x2)

So I'm ready to free fall
Like you're willing to catch me
Baby this could be bigger than we know
Knock-knock! Open up, let me in

Talking 'bout
More than just the sex
'cause we gonna spend
Much more than tonight
And we can spend
The love 'cause there's nothing left
I know you feel it
'Cause it's written all in your eyes
Should be leaving with me-me-me
Spend the evening with me-me-me
'Cause I'm feeling like you just need a brief
Baby girl you should be leaving with me-me-me

So come on, let's go!
I'm talking 'bout
Cocoa butter lotion on your body when you lit it up
I'll be on that 'on that
Michael Jackson when I beat it up
Made whether I beat it up
I'm Mike Tyson, I eat it up
Got you biting on the pillow
Girl you know I'm gonna be all over your body
I'd be all over your body knocking shit all over the floor
You'd be all over my body doing the best moves you
know
You-you got my mind girl, look how much time's gone
My favorite album, we've been going at it for nine
songs

It's my body all over your body babe
Your body all over my body babe (x2)

So I'm ready to free fall

'Cause it's written all in your eyes
Should be leaving with me-me-me
Spend the evening with me-me-me
'Cause I'm feeling like you just need a brief
Baby girl you should be leaving with me-me-me

So come on, let's go!
I'm talking 'bout.
