Searching for the open door, to take us back just like
before
It's not too late, no it's not too late
What we've done, and we've been through, says it all,
what's left to prove
You can't throw away, oh, what's here to stay.

Darling, I love you forever, believe me, I love you
forever, forever my love.

Today we laugh, tonight we cry, flip the card, and can't
decide
Heads we win, tails we lose
Who's to say, what's wrong or right, and through the
tears the truth will shine
It's all I can do, babe I'm gonna stay with you

Darling, I love you forever, believe me, I love you
forever,
Darling, I love you forever, forever my love.

Solo

Forever, my love. Forever my love. Forever my love.
And there in my heart.

Darling, I love you forever, believe me, I love you
forever, forever my love.
Forever. Forever my love, forever my love.
