Yeah!

There'll be no escape, no turning back, All the broken
promises, straight from the pack,
The angry flames, that burn too high, You dare to run,
when there's nowhere to hide.

You've gone too far, into the raven's den You jumped
the gun, and tried to defend
The ruthless rain, that falls so hard It's there to remind
you, you won't get too far.

There'll be no escape, no way out for you
Now there's no turning back, when the damage is
through

Now it's all for one, and one for them all. This time they
talk, still you won't fall
Choosing your friends, like champagne on ice. You're
done with the vultures, and you pay the price

And now you believe, in all that you read, With your
face on the cover of a magazine
Faith has failed you, you're losing control, Now you're
hard like a rock, that forgot how to roll

There'll be no escape, no way out for you
Now there's no turning back, when the damage is
through

Oh and there'll be no escape, no way out for you
There'll be no turning back, when the damage is
through, No

No escape, no way out. No escape, no way out, oh

Solo

Oh, oh... There'll be no escape, no way out ,There'll be
no escape, no way out
There'll be no escape, no way out ,There'll be no
escape, no way out
