Still afraid
Still without you now
Unaware
But without a doubt
IÃfÃ...Ã waiting
IÃfÃ...Ã losing sleep
And soon enough itÃfÃ...Ã gonna bring me
down
But I want to be over you
I want to be over, over you
But it takes more and IÃfÃ...Ã willing to give you
whatever it is
If we take this time now, we can kill this hope
But then again IÃfÃ...Ãe gotta know
Can you picture possible anything at all
Can you picture anything with anyone but me
What do you think IÃfÃ...Ã waiting for
Do you still believe
Me with you
Me with you

Cause I want to be over you
