Don't you lie to me, 'cause I'm not blind  
I see the lessons that you teach create the hate in me  
I'm not scared to say that I won't be that way  
We're all the same, but there's always a price to pay

I don't want to be the one to push you down and pull  
you up again  
I don't want to be that way you're falling down, you're  
falling down again

It's when you speak to me 'cause hates not born, you  
see  
It's pride you scream with bigot eyes too blind to see  
Your frame of mind's outdated narrow opinions faded  
Would you like to meet this monster that you've  
created

I don't want to be the one to push you down and pull  
you up again  
I don't want to be that way you're falling down, you're  
falling down again

Don't you lie to me, 'cause I'm not blind I see  
The lessons you teach create the hate in me  
I'm not scared to say that I won't be that way  
We're all the same but there's always a price you pay

I don't want to be the one to push you down and pull  
you up again  
I don't want to be that way you're falling down, you're  
falling down again

I don't want to be the one to push you down and pull  
you up again  
I don't want to be that way you're falling down, you're  
falling down again
