What can I say
Didn't plan things this way
Never knew this would be
That you would be the one for me
I'm honest when I say. . .

That, I'll fall in love if you hang around
I'll fall in love if you hang around
There's more to this I've found
And I'll fall in love if you hang around

So often I pray
For this lovely day
When he would give to me
A love that's so complete
I'm honest when I say. . .

That, I'll fall in love if you hang around
I'll fall in love if you hang around
See there's more to this I've found
And I'll fall in love if you hang around
My heart says it's ok

Two hearts made one
And I know we'll be in love forever
All my trust you've won

And I'll fall in love so stay around
I've fallen in love so stay around
This was destined to be found
Yes, I fell in love so please stay around
My heart says it's ok

I'll fall in love if you hang around
I'll fall in love if you hang around
There was more to this to be found
And I've fallen in love cause you hung around
Hey I'm happy now to say. . .

We are in love
Fallin' in love

There's so much joy to be found
I've fallen in love cause you hung around

I've fallen in love, it's all over town
I've fallen in love cause you hung around
Oh for the rest of my life it would be ok
If we stay in love
Feels good, fallen in love
