Love on the rocks, ain't no surprise  
Pour me a drink and I'll tell you some lies  
Got nothing to lose so you just sing the blues all the  
time

I gave you my heart, gave you my soul  
You left me alone here with nothing to hold  
Yesterday's gone, now all I want is a smile

First they say they want you, how they really need you  
Suddenly you find you're out there walking in a storm  
When they know they have you, then they really have  
you  
Nothing you can do or say, you've gotta leave, just get  
away  
We all know the song

You need what you need, you can say what you want  
There's nothing to do when the feeling is gone  
May be blue skies above, but it's cold when your  
love's on the rocks

I can't live if living is without you  
I can't live, I can't live any more  
I can't live if living is without you  
I can't live, I can't live any more  
Without you, oh without you  
Cos love's on the rocks
