I know that we both talked it over  
And said it's best to forget  
We'll leave all our memories behind us  
It's better ending it

So sad the song of two empty lives  
When that moment of truth suddenly arrives  
And so sad the song of what might have been  
You see a lifetime of dreams scattered in the wind

Together, we belong together  
And never was that one lovely word  
Easier to say

And so sad the song of just remembering when  
Knowing that the love-light will never come again  
So sad the song that says goodbye

Together, we belong together  
And I'll love you forever  
On that you can rely

So would it be wrong  
To give our love just one more try  
So sad the song that says goodbye  
That says goodbye
