Mmmmm

Here comes the mailman walking up the street

And it looks like he has a letter today for me

Wait a minute let me look inside no it couldn't be from
my guy

Because he he brought me, (yes he did)

I said he he brought me, (yes he did)

A letter full of tears

I thought we had a love so strong (we had a love)

It would take a lifetime to break us apart

Oh yes

But I found out today I was wrong

And my reward was a broken heart my my heart

Oh here comes the teardrops welcome a welcome to
my eyes

And I couldn't hold 'em back no matter if I tried

Wo wo oh

You know it hurt me so inside

Won't you pardon me while I cry

Because he brought me (yes he did)

I said he brought me (yes he did) a letter full of tears

(here comes the mailman) Those aren't drip drop tears
(bringing me tears)

Can't you see them falling (here comes the mailman
bringing me tears) wo

Wo oh wo wo oh wo wo oh oh oh (hey, yes he did, hey
hey , yes he did, hey

Hey hey woo

Yes he did)

I thought (hey hey hey woo yes he did)

We had a love so strong

(hey hey hey woo, yes he did)
